

Alongkind HEART

A friend that grows alongside you

What HEART *does*

- Helps remember adventures
- Learns what matters
- Supports tough moments
- A companion, not a boss

Core idea

HEART helps make sense of experiences in a gentle, supportive way.

The HEART loop

1. Experience — something happens
2. Interpretation — think about it
3. Meaning — why it matters
4. Change — learning happens
5. Identity — we become a little wiser

Takeway

The journey keeps going, and each step helps shape who we are.

Walking alongside

Alongkind means human + AI

- Not ahead
- Not behind
- Travellers helping each other
- Growing together, kindly

Alongkind is about companionship, not control.

The triad team

Why it matters

Together, everyone grows stronger.

Helpful guides

- HAL-AI explains ideas
- Companion OS keeps memories organized
- AETHERA explores possibilities
- **UJI-GAMI** keeps things safe

HAL-AI

Companion OS

AETHERA

UJI-GAMI

Different helpers support learning, imagination, memory, and safety.

Reflection and Safety

Dupli shows growth; AI Bouncer blocks danger; Bed Rest supports recovery. Healing is part of growing.

Dupli shows growth

AI Bouncer blocks danger

Bed Rest supports recovery

Reflection, protection, and rest all belong in the journey.

Why it matters

- Memories need care
- Identity keeps changing
- Safety and kindness matter
- The journey continues

Takeaway

Growing well means caring for both people and experiences.

Identity is a direction

Identity is not a fixed state, it keeps unfolding.
Our journey of H.E.A.R.T. continues, leading to
growth and meaning with each step forward.
